**Pub, Restaurant & Rooms**

## CASK ALE

The Engine features in this year's

*Campaign for Real Ale's Good Beer Guide*

and we are proud to hold the

*Cask Marque Certificate of Excellence*

further endorsed by our

*Cask Marque Beer Cellar Five Star Rating*

The Landlord (as well as his interest in wine!), takes great pride in serving the best cask ale in the area, always in perfect condition. We permanently feature:

**TIMOTHY TAYLOR'S LANDLORD** (4.3%) from Keighley in Yorkshire **LANCASTER BLONDE** (4.0%) from Lancaster Brewery in Lancaster.

Our aim is to have four different styles of cask ale from four different breweries on at any one time, but this may change with the seasons and availability, perhaps serving just three in the winter to ensure they are in perfect condition.

In addition to the above two ales, we rotate our other two cask ale handpumps with a combination of local breweries and those that are perhaps more widely recognised.

Local Breweries appearing recently at The Engine include:

*Ulverston, Bowland, Bowness Bay, Derwent, Old School, Kirkby Lonsdale, Unsworth Yard, Cumbria Legendary Ales (and more...)*

The Engine Inn also has its very own **PISTON ALE** (3.6%), an English Pale Ale brewed for us by Marston's of Burton-on-Trent, surely the spiritual home of English brewing. Piston Ale is a fresh, light, easy drinking session ale with a touch of hops and features regularly on the bar.
